

The map illustrates the water supervision area for the Poddębice region. Key features include:

- Water Bodies:** The Poddębice River and its tributaries (Czarna Sługa, Ner, Gnida, etc.) are shown in blue.
- Administrative Boundaries:** The map shows the boundaries of the Łódź Voivodeship (Województwo łódzkie), Poddębice County (Powiat poddębicki), and various gminas (municipalities) such as Poddębice, Szadek, Sieradz, and others.
- Land Use:** The map is color-coded to show different types of land use, including agricultural land (green), forests (dark green), and urban areas (yellow/orange).
- Infrastructure:** The map also shows major roads and railways in the region.
